Spotted at the Tile and Stone Show

01 Architectural ceramicist **Robert Dawson's** tiles, such as After the Alhambra, are equally at home as artwork or as functional pieces. www.aestheticsabotage.com

02 **Omarno's** St Tropez tile for floors or walls, is made from sustainable palmwood. www.omarno.com

03 UK company **Digital Ceramics** transfers digital image on to ceramic tiles to order. www.digitalceramics.com

04 Brazilian company called **Ekobe**, another eco-orientated firm, uses palm trees for its tiles. Aoba comes from the inside of the coconut shell. www.ekobebrasil.com

05 **Bottle Alley Glass's** recycled glass products include architectural decorative glass and these tiles for wall or floors. www.bottlealleyglass.co.uk

06 Spanish company **Peronda** has Russia in mind with its glamorous Vivacity Vintage tile range. www.peronda.com
